ABOUT US

MESSAGE FROM TEAM

It is not often that you may witness an event so huge in magnitude that it completely redefines your definition of grandeur and large scale. We as a team are very excited and enthusiastic about the inaugural edition of this fest. We are attempting to make this event a highly acclaimed programme for interaction of different institutions, students, faculty and sponsors and tie them with a bond that goes deeper than mere directing connection. We pledge to provide you with euphoric dismay and joyous expression of life and meet the levels of the paradise where the sea meets the land. We express our gratitude for all your support.
